

ABOUT THE BOOK

Step into the warm, jazz-filled world of a young girl and her artist grandad as she learns about her grandad's paintings and discovers the joy of creating her own art.

In this inspiring story, a young painter learns there is no right way to be an artist, and that every brushstroke and every sketch is a unique expression of her imagination. With Grandad's gentle guidance, she draws, dreams, and lets her creativity flow, filling the studio with memories and masterpieces. As the day fades, the young artist realizes that time spent with Grandad is a treasure to carry in her heart forever.

Based on her memories of time with her grandfather—beloved children's book creator Jerry Pinkney—Charnelle Pinkney Barlow's beautifully illustrated picture book will inspire young readers to embrace their creative spirit and cherish moments shared with loved ones. An afterword by Charnelle Pinkney Barlow details the special relationship she and her grandad shared and the creative inspiration she derived from his love and guidance.

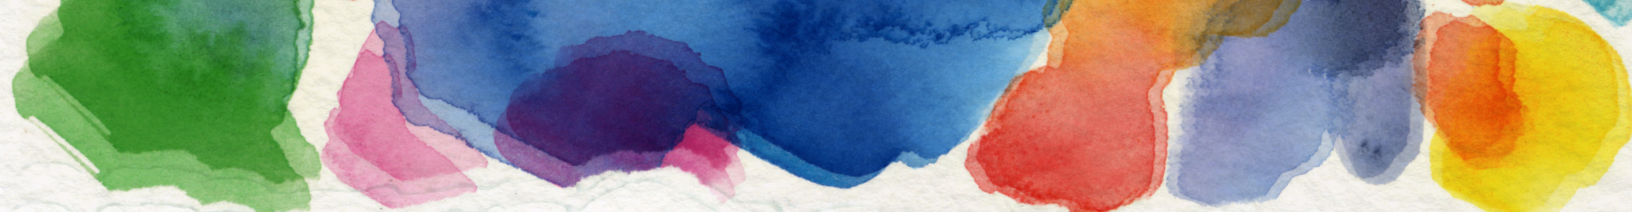

Two Artists, Grandad and Me is a heartwarming tribute to our ancestors, celebrating the power of art, the beauty of storytelling, and the special bonds between generations.
