

Let's IMAGINE A RAINBOW

In *Maya's World*, Maya creates a rainbow that takes us to an imaginary world. Where would your rainbow take us? Is it space, underwater, to a desert? Write 1-2 sentences about where it would go?

COLORS

What colors will you use for your rainbow? Using paint, crayons, or markers make color swatches here.

PATTERNS

To make your rainbow unique, add dot, striped, or checkered patterns. Sketch it out here.

SHAPES

Rainbows are usually curved, but can yours twist and turn, or be a straight line? Try sketching your ideas here.

_____'s RAINBOW

(INSERT YOUR NAME)

Use the colors, patterns, and shapes above to draw your rainbow here.

Let's IMAGINE A GARDEN

In *Maya's World* she creates a garden filled with color, patterns, and wonder. Imagine what we will find in your garden. Here are some questions to help you create your world.

What grows there? _____

What or who lives there? _____

Where is your garden? _____

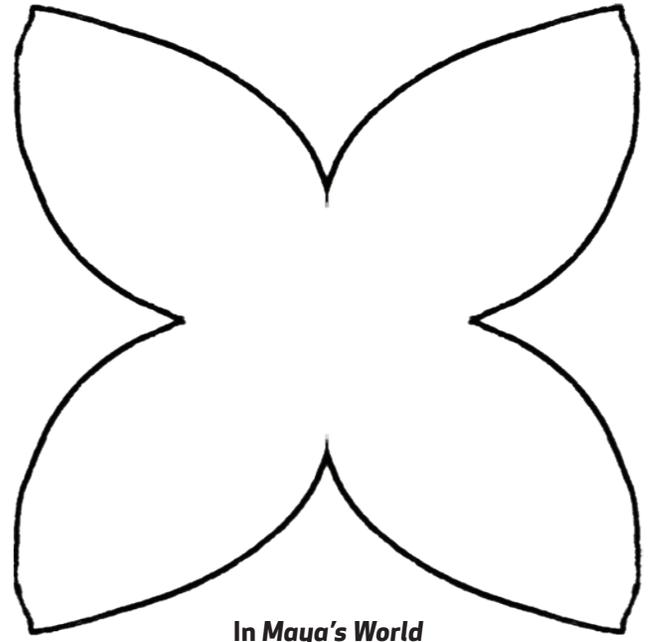

What colors do we see in your garden? _____

DRAW YOUR GARDEN

Here are some seeds for your garden. What grows from these seeds?

Make these shapes into insects for your garden. Add legs, eyes, antennas, wings, tails, or stingers.

In *Maya's World* her butterflies have quirky patterns. What pattern would your butterfly have?
